

First Radiology Technologists Conference الملتقى الأول لتقنيي الأشعة

Held Concurrently with:

بالتزامن مع:

Saudi Medicare 2010
APRIL -12/13-2010

معرض الرعاية الطبية السعودي ٢٠١٠
ربيع الآخر - ٢٨/٢٧ - ١٤٣١ هـ

Location:

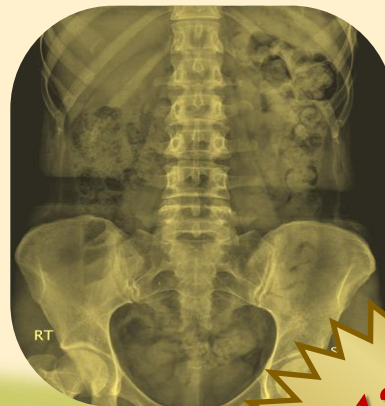

Riyadh International Exhibition Center, King Abdullah Road
مركز معارض الرياض الدولي، طريق الملك عبدالله

:Objectives

- Introduce new applications in medical imaging
- Exchange technical and applicable experience between different provinces in the Kingdom
- Enhance awareness toward the need of such activities on national level

Who should attend:

Radiology technologists from all levels (students, staff, academic ...etc)

12 Hrs
CME
Accredited

The Idea

Came From the point of MOH care toward radiology technologists from all specialties and qualifications.

program

In this two days activity experts from all the provinces in Kingdome will share their new applications, procedures, researches, trials and needs. What is special about this conference is the focused sessions to radiology technologists and it's the 1st one on this level, also it will discuss the future of radiology technologists in Saudia Arabia as well as the idea of initiating a forum for Saudi radiology technologists. And much more .

Sessions

Each day consists of three sessions, morning, afternoon and late afternoon. Two moderators from different disciplines in medical imaging will moderate the sessions.

The late afternoon one in the 2nd day will have a free discussion about the future of radiology technologists in the kingdom, this will enhance the needs and opportunities for the participants that can be a goal for future activities, however most of radiology stakeholder bodies are part of the conference speakers (e.g. King Saud University, national guard hospital, ministry of health MOH...).

Objectives

We hope at the end of the conference to fulfill the following objectives:

Objectives

- Introduce new applications in medical imaging
- Exchange technical and applicable experience between different provinces in the Kingdome
- Enhance awareness toward the need of such activities on national level.

1st Day

Monday 12 April 2010

Time	Topic	Speaker
08:30-09:30	Registration	
09:30-10:00	Opening & Welcome	
Session One		
Moderator : Mr. Ghassan Abu-Tarboush - Mr. Jalal Al Alwan		
10:00-10:30	Quality in Medical Imaging	Dr. Khalid Al Yousef
10:30-11:00	Ultrasound of Neonatal Head	Mr. Jamal Al Shaalan
11:00-11:30	Update in Interventional Radiology (Team Work)	Mr. Ibrahim Al Jediea
11:30-11:50	Questions & Discussion	
11:50-13:00	Prayer & Lunch Break	
Session Two		
Moderators: Mr. Abdulrahman Al Mutairi - Mr. Radhi Al Shammari		
13:00-13:30	CT Dose Monitoring	Mr. Abdullah Al Hoti
13:30-14:00	PACS Trends Today & Tomorrow	Mr. Nabeel Mishah
14:00-14:30	Gaps in Teaching Applicable Radiography	Ms. Basma Al Rowailly
14:30-15:00	The Saudi Society of Medical Radiology Technologists. Where are we?	Dr. Essam Mattar
15:00-15:15	Questions & Discussion	
15:15-15:45	Prayer Break	
Session Three		
Moderators: Mr. Bader Al Ghebaiwi - Ms. Yasmeen Al Hendi		
15:45-16:15	Introduction to Radiotherapy	Ms. Jeehan Al Garafi
16:15-16:45	Cardiac CT	Mr. Ayman Darwish
16:45-17:00	Questions & Discussion	

2nd Day

Monday 13 April 2010

Time	Topic	Speaker
Session Four		
Moderators: Mr. Ibrahim Al Jediea - Ms. Mona Al Yahya		
10:00-10:30	Sonographer's Musculoskeletal Injuries	Ms. Tarneem Al Shareef
10:30-11:00	Professionalism	Ms. Yasmeen Al Hendi
11:00-11:30	Digital imaging and Information System	Dr. Mohammad Al Habdan
11:30-12:00	Pediatric imaging, is it the time to stop using CT?	Mr. Abdulrahman Al Mutairi
12:00-13:00	Prayer & Lunch Break	
Session Five		
Moderators: Dr. Mohammad Al Habdan - Ms. Basma Al Rowailly		
13:00-13:30	Cardiac MRI	Mr. Abdullah Al Hoti
13:30-14:00	Office Management of Chief Technologist	Mr. Mishal Al Mutairi
14:00-14:30	Varicose vein laser treatment for Radiologic Technologist	Mr. Mohammed Al Mutairi
14:30-15:00	Effective Implementation of Breast Cancer Screening Program – National Trial	Ms. Munira Al Romeh
15:00-15:15	Questions & Discussion	
15:15-15:45	Prayer Break	
Session Six		
Moderator: Waleed Al Harbi		
15:45-16:15	Effective Implementation of Radiation Protection	Dr. Mohammad Al Habdan
16:15-16:45	Technologist Future	Open Discussion
16:45-17:00	Closing
