DynaMed Plus[®]

There's no need to search for the latest development; let *DynaMed Plus*[®] notify you. Sign up to get alerts about the latest clinical and practice-changing news and information.

Sign up for alerts of recent updates by category or, more specifically, by Practice Changing Updates. Click Follow, set the frequency, and receive an email notification when recent updates are made.

The screenshot shows the DynaMed Plus interface with a 'Recent Updates' section. A 'Follow' button is highlighted with an orange circle. An orange arrow points from this button to a 'Follow' modal window. The modal window has a 'Your E-mail:' field, 'Email Updates:' options (Once a day, Once a week, Once a month), and a 'Submit' button. The background shows a list of updates with dates and topics like 'Probiotics, Atopic dermatitis' and 'Platelet-rich plasma injection'.

Sign up for alerts linked to any topic of interest. Click Follow, set the frequency, and receive an email notification when there is a notable change in clinical content.

The screenshot shows the DynaMed Plus interface with a 'Sepsis treatment in adults' section. A 'Follow' button is highlighted with an orange circle. An orange arrow points from this button to an email notification. The email notification is from 'spalerts@esnet.com' and is titled 'DynaMed Plus: Following Sepsis treatment in adults'. The email content includes a 'Following: Sepsis treatment in adults' section with a 'Daily Update Apr 12, 2016' and two numbered items: '1. Apr 11, 2016 8:05 AM' and '2. Apr 11, 2016 7:07 AM'. The background shows a list of updates with dates and topics like 'Sepsis treatment in adults'.
