

Results and Decision

(How do you prefer to get Travel Clinic Service?)

Consultation and Main Results

A consultation has been posted on the best way for getting a travel clinic appointment

The decision

Based on the survey conducted via the unified platform, and in response to the beneficiaries' desire that booking appointments in travel clinics will be through (virtual clinics - and immediate consultations ٩٣٧), and then referring them to healthcare centers if necessary.

Accordingly, the project proposal was submitted to the Ministry's General Department of Medical Consultations to provide the service virtually, and coordination is underway with the relevant authorities in the Ministry to activate this service and facilitate access for all members of society.
