General Conditions Before Confirming and Submitting the Application

Applicants should carefully consider the following points before confirming and submitting their application:

- Work experiences must be documented with a Social Insurance "Contribution and Wage Statement," or be in an official government job, or match the title of the applied position.
- If the applicant has previous work experience, the employment dates must align with those in the social insurance records (start and end dates). A separate "Contribution and Wage Statement" and a job confirmation letter must be provided for each experience, including the job title and proof of the establishment's registration under the applicant's social insurance.
- If the work experience is discontinuous, each employment period must be entered separately, even if it was with the same organization.
- Do not include "SANED" periods that are not listed in the insurance records.
- Ensure the accuracy of the GPA, maximum GPA, and GPA scale for degrees obtained from outside the Kingdom and attach the supporting documents.
- Confirm the type of GPA scale used for degrees obtained within the Kingdom (e.g., out of 4, 5, or 100).
