

Identification Certificate Verification

Administration	Business analysis and content management
Release Date	15-05-2025
Version Number	V1.0

The purpose of the Identification Certificate Verification Service:

-To verify the validity and reliability of the issued letter of introduction and to ensure that the data matches what is officially recorded.

Application Process:

1- Access the service through the unified portal of the Mawared system.

The screenshot shows the 'Identification Certificates Verification Service' interface. At the top, there is a title bar and a brief description of the service. Below this is a 'Search Criteria' section with two input fields: 'National Identifier' and 'Verification Code'. A 'Submit' button is located below these fields. Underneath the search section, there is a 'Search Results' section. This section is divided into two parts: 'Letter Information' and 'Request Information'. The 'Letter Information' part lists fields: 'Certificate ID', 'Certificate Date', 'Certificate Type', and 'Certificate No'. The 'Request Information' part lists fields: 'Requester Name', 'Full Name', 'Nationality', 'Sex', and 'Age'.

2- To verify, please add your ID number and verification code:

This is a close-up screenshot of the 'Search Criteria' section. It shows two input fields: 'National Identifier' and 'Verification Code'. Both fields have a small blue icon to their right. Below the fields is a 'Submit' button.

3- In this step, the search results appear.
